

Insurance Billing Code Reference

ICD-10 Diagnosis Codes, Procedure Codes & Insurer Package Rates

MediAssist Health Network

Central Billing Office

Document ref: BILL-CODE-010 · Version 8.0

Access: Billing Executives & Admin

Introduction

This reference maps the diagnosis and procedure codes used in MediAssist claim submissions to insurer package rates. Accurate coding is the single biggest determinant of timely claim approval.

- **ICD-10 codes** describe the *diagnosis* (why the patient was treated).
- **Procedure codes** describe the *intervention* (what was done).
- **Specificity matters:** an unspecified code invites a query or rejection. Always code to the highest level of detail supported by the clinical record.

Note

Package rates below are indicative MediAssist negotiated rates. Final settlement depends on the patient's policy, sum insured, co-pay and sub-limits.

1. Top 30 Diagnosis Codes Used at MediAssist

ICD-10	Description	Typical LOS	Package (₹)	Pre-auth
I21.0	STEMI — anterior wall	5–7 days	₹1,85,000	Yes
I21.4	NSTEMI	3–5 days	₹1,20,000	Yes
I50.0	Congestive heart failure	4–6 days	₹95,000	Yes
I48.0	Atrial fibrillation	2–3 days	₹38,000	No
J18.9	Pneumonia, unspecified	4–6 days	₹45,000	No
J44.1	COPD with acute exacerbation	4–5 days	₹42,000	No
J45.9	Asthma, unspecified	1–2 days	₹18,000	No
A90	Dengue fever	3–5 days	₹35,000	No
A09	Acute gastroenteritis	2–3 days	₹22,000	No
E11.9	Type 2 diabetes w/o complications	Day care	₹8,500	No
E11.2	Type 2 diabetes with renal complications	3–4 days	₹55,000	Yes
N18.3	Chronic kidney disease, stage 3	Day care (dialysis)	₹4,200/session	Yes
N17.9	Acute kidney injury	4–6 days	₹68,000	Yes
K35.2	Acute appendicitis w/ peritonitis	3–4 days	₹65,000	Yes
K80.2	Gallstones (cholelithiasis)	2–3 days	₹58,000	Yes
K40.9	Inguinal hernia	1–2 days	₹48,000	Yes
O80	Normal spontaneous delivery	2 days	₹28,000	No
O82	Delivery by caesarean section (LSCS)	3–4 days	₹52,000	Yes
S72.0	Femoral neck fracture	7–10 days	₹2,10,000	Yes
S52.5	Fracture lower end of radius	1–2 days	₹38,000	Yes
M17.0	Primary osteoarthritis of knee	5–7 days	₹1,75,000	Yes
G40.9	Epilepsy, unspecified	2–3 days	₹32,000	No
I63.9	Cerebral infarction (stroke)	6–8 days	₹98,000	Yes
G45.9	Transient ischaemic attack	2–3 days	₹40,000	No
C34.1	Malignant neoplasm, upper lobe bronchus	Variable	Oncology package	Yes
C50.9	Malignant neoplasm of breast	Variable	Oncology package	Yes
C18.9	Malignant neoplasm of colon	Variable	Oncology package	Yes

ICD-10	Description	Typical LOS	Package (₹)	Pre-auth
D64.9	Anaemia, unspecified	Day care	₹9,000	No
R50.9	Fever, unspecified	1–2 days	₹15,000	No
I10	Essential hypertension	Day care	₹7,500	No

2. Common Procedure Codes

Procedure Code	Procedure	Package (₹)	Setting
PROC-CARD-01	Coronary angiography	₹25,000	Day care
PROC-CARD-02	PTCA with stent (single)	₹1,65,000	Inpatient
PROC-CARD-03	Permanent pacemaker implant	₹2,40,000	Inpatient
PROC-GSUR-01	Appendicectomy (laparoscopic)	₹62,000	Inpatient
PROC-GSUR-02	Laparoscopic cholecystectomy	₹58,000	Inpatient
PROC-GSUR-03	Hernia repair (mesh)	₹48,000	Inpatient
PROC-NEPH-01	Haemodialysis (per session)	₹4,200	Day care
PROC-ORTH-01	Total knee replacement (unilateral)	₹1,75,000	Inpatient
PROC-ORTH-02	Hip hemiarthroplasty	₹2,10,000	Inpatient
PROC-OBGY-01	LSCS (lower segment caesarean)	₹52,000	Inpatient
PROC-OPHT-01	Cataract surgery (phaco + IOL)	₹26,000	Day care
PROC-GAST-01	Upper GI endoscopy	₹9,500	Day care
PROC-RAD-01	MRI brain (plain)	₹8,000	Day care
PROC-RAD-02	CT abdomen (contrast)	₹7,500	Day care
PROC-NEUR-01	Thrombolysis for acute stroke	₹85,000	Inpatient

3. Empanelled Insurer Panel

MediAssist is empanelled with the insurers below. Always confirm the correct TPA before submitting, as some insurers route claims through multiple TPAs.

Insurer	Claim Portal	TPA / Contact
Star Health	portal.starhealth.in	In-house · 1800-425-2255
HDFC Ergo	claims.hdfcergo.com	In-house · 1800-2700-700
ICICI Lombard	ilclaims.icicilombard.com	In-house · 1800-2666
New India Assurance	claims.newindia.co.in	MedSave TPA · 1800-220-000
United India	claims.uiic.co.in	Medi Assist TPA · 1800-425-3333
Bajaj Allianz	claims.bajajallianz.com	In-house · 1800-209-5858
Niva Bupa	claims.nivabupa.com	In-house · 1860-500-8888
Care Health	claims.careinsurance.com	In-house · 1800-102-4499

4. Exclusions Reference

The reasons below are the most common grounds for claim rejection. Each carries an exclusion code used in the rejection letter; see the Claim Submission & Escalation Guide for the matching response template.

Code	Exclusion / Rejection Reason	Typical Outcome
EXCL-01	Non-disclosure of pre-existing condition	Appealable with prior records
EXCL-02	Treatment within policy waiting period	Usually upheld; verify dates
EXCL-03	Treatment by non-empanelled provider	Reimbursement route only
EXCL-04	Day-care procedure claimed as inpatient	Re-file under correct package
EXCL-05	Cosmetic / aesthetic procedure	Excluded; usually final
EXCL-06	Self-inflicted injury	Excluded per policy
EXCL-07	Investigation-only admission (no treatment)	Often disallowed
EXCL-08	Documentation beyond claim deadline	Appeal with justification

Best practice

Coding tip: when a patient has multiple conditions, sequence the **primary diagnosis** (the main reason for admission) first, followed by comorbidities. Mis-sequencing is a frequent cause of package-rate disputes.

5. Room Rent & Sub-limit Reference

Most indemnity policies link the eligible room category to the sum insured. Exceeding the eligible room rent triggers **proportionate deduction** across the whole bill, so room selection must be counselled at admission.

Room Category	Typical Eligibility	Effect if Exceeded
General ward	Sum insured < ₹3 lakh	—
Twin sharing	Sum insured ₹3–5 lakh	Proportionate deduction if upgraded
Single private	Sum insured ₹5–10 lakh	Proportionate deduction if upgraded
Deluxe / suite	Sum insured > ₹10 lakh or rider	Often excluded; confirm sub-limit

6. Common Co-pay & Sub-limits

Item	Typical Provision
Senior-citizen co-pay	10–20% of admissible claim
Zone-based co-pay (metro vs non-metro)	As per policy schedule
Cataract sub-limit	₹25,000–₹40,000 per eye
Maternity sub-limit	₹35,000 (normal) / ₹50,000 (LSCS), where covered
Ambulance charges	₹2,000–₹5,000 per hospitalisation

7. Pre-authorisation Document Checklist

- Completed insurer pre-authorisation form
- Admission note with provisional diagnosis and ICD-10 code
- Treating doctor's treatment plan and estimated length of stay
- Cost estimate mapped to the package rate
- Patient policy/e-card, photo ID and policy number
- For accidents: MLC number and FIR copy where applicable
